

TELECASTER PICKUPS

'51 TELE/NOCASTER

Created with the original design in mind to accurately mimic the twang and shimmer of the originals. These period-correct single-coil pickups impart tight low end and clear, balanced midrange.

'51 LOADED NOCASTER

Extra winds of #43 gauge enamel wire give these pickups fat, juicy tone. Perfect for driving a preamp into gritty overdrive, these high-output pickups burn with vintage-inspired tone, thanks to the bridge pickup's alnico 3 magnets and neck pickup's alnico 5 magnets.

'56/'57 TELECASTER

An accurate 1:1 recreation of the Tele pickups we constructed during '56/'57. These pickups have all the grunt and snarl of the originals, thanks to the unbeveled, staggered alnico 5 magnets and enamel-coated wire.

'63 TELE

43

A true replication of the original '63 Tele Pickups with all the bite and warmth to spare. Alnico 2 Magnets, vintage stagger and enamel wire.

'67 TELE

Lower output Tele pickups with Grey bobbins and copper baseplate with a vintage stagger, alnico 5 magnets and enamel wire for crystal clear Tele twang.

TWISTED TELE

High-output Telecaster guitar tone with a dash of sparkling Stratocaster® guitar character.

TEXAS SPECIAL TELE

Fender Custom Shop Texas Special Tele pickups are built to produce blistering hot output, along with noticeable presence and midrange.
